The March of the Trump Nazis

Peter Thoegersen

2025

March of the Trump Nazis is a piece of music for piano, three guitars, and two cellos. The music is not given a tempo, nor dynamics or articulations. These parameters are indeterminate and entirely up to the performers. The pitch and rhythm, as written, must be played to the letter of the law. We do still have some laws in this fascist shithole country, after all.

Microtones of any kind can be used by any and all players, including piano, which can be synth. Pianoteq, or any vst is great for microtones. Cellos and guitars can use any or all polymicrotonal scales at their disposal. Or you can wimp out and play in one tuning…up to you. I'm diverging from overly specified scores to just using pitch and rhythm, and even tuning will be up to the performer.

Meow.
